Form Numbers: There are no FAA forms associated with this request.

Type of Review: Renewal of an information collection

Background: The data from this research are critically important for establishing the scientific basis for air tour management policy decisions in the National Parks as mandated by the National Parks Air Tour Management Act of 2000 (NPATMA). Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 15 minutes

Estimated Total Annual Burden: 4,200 hours annually

Issued in Washington, DC on March 25, 2019.
